ORDINANCE NO: 17-1 #1

AN ORDINANCE ESTABLISHING AND IMPLEMENTING A PROGRAM TO CHARGE MITIGATION RATES FOR THE DEPLOYMENT OF EMERGENCY AND NON-EMERGENCY SERVICES BY THE FIRE DEPARTMENT FOR SERVICES PROVIDED/RENDERED FOR THE ONEKAMA TOWNSHIP FIRE DEPARTMENT.

WHEREAS, the emergency and non-emergency services response activity to incidents continues to increase each year; Environmental Protection requirements involving equipment and training, and Homeland Security regulations involving equipment and training, creating additional demands on all operational aspects of the fire department services; and

WHEREAS, the fire department has investigated different methods to maintain a high level of quality of emergency and non-emergency service capability throughout times of constantly increasing service demands, where maintaining an effective response by the fire department decreases the costs of incidents to insurance carriers, businesses, and individuals through timely and effective management of emergency situations, saving lives and reducing property and environmental damage; and

WHEREAS, raising real property tax to meet the increase in service demands would not be fair when the responsible party(s) should be held accountable for their actions; and

WHEREAS, the Onekama Township Board of the Onekama Township Fire Department desires to implement a fair and equitable procedure by which to collect said mitigation rates and shall establish a billing system in accordance with applicable laws, regulations and guidelines; Now, Therefore

BE IT ORDAINED BY THE ONEKAMA TOWNSHIP BOARD OF THE ONEKAMA TOWNSHIP FIRE DEPARTMENT:

SECTION 1: The Onekama Township Fire Department shall initiate mitigation rates for the delivery of emergency and non-emergency services by the fire department for personnel, supplies and equipment to the scene of emergency and non-emergency incidents as listed in "EXHIBIT A". The mitigation rates shall be based on actual costs of the services and that which is usual, customary and reasonable (UCR) as shown in "EXHIBIT A", which may include any services, personnel, supplies, and equipment and with baselines established by addendum to this document.

SECTION 2: A claim shall be filed to the responsible party(s) through their insurance carrier. In some circumstances, the responsible party(s) will be billed directly.

SECTION 3: The fire department's Township Board of Trustee's may make rules or regulations and from time to time may amend, revoke, or add rules and regulations, not consistent with this Section, as they may deem necessary or expedient in respect to billing for these mitigation rates or the collection thereof.

SECTION 4: It is found and determined that all formal actions of this Board concerning and relating to the adoption of this Ordinance were adopted in open meetings of this Board, and that all deliberations of this Board and any of its committees that resulted in such formal actions were in accordance with all legal requirements, and the Codified Ordinances of the Onekama Township Board.

SECTION 5: This Ordinance shall take effect thirty days (30) from the date of adoption as permitted by law.

CERTIFICATION

The foregoing is a true copy of Ordinance No. 17-1 #1 which was enacted by the Board of Trustees for the Township of Onekama at a regular meeting held on January 9, 2017.

Michelle Johnson
Township Clerk

**EXHIBIT A
MITIGATION RATES
BASED ON PER HOUR**

The mitigation rates below are average “billing levels”, and are typical for the incident responses listed, however, when a claim is submitted, it will be itemized and based on the actual services provided.

MOTOR VEHICLE INCIDENTS

Level 1 - \$506.00

Provide hazardous materials assessment and scene stabilization. This will be the most common “billing level”. This occurs almost every time the fire department responds to an accident/incident.

Level 2 - \$576.00

Includes Level 1 services as well as clean up and material used (sorbents) for hazardous fluid clean up and disposal. We will bill at this level if the fire department has to clean up any gasoline or other automotive fluids that are spilled as a result of the accident/incident.

Level 3 – CAR FIRE - \$704.00

Provide scene safety, fire suppression, breathing air, rescue tools, hand tools, hose, tip use, foam, structure protection, and clean up gasoline or other automotive fluids that are spilled as a result of the accident/incident.

ADD-ON SERVICES:

Extrication - \$1,520.00

Includes heavy rescue tools, ropes, airbags, cribbing etc. This charge will be added if the fire department has to free/remove anyone from the vehicle(s) using any equipment. We will not bill at this level if the patient is simply unconscious and fire department is able to open the door to access the patient. This level is to be billed only if equipment is deployed.

Creating a Landing Zone - \$465.00

Includes Air Care (multi-engine company response, mutual aid, helicopter). We will bill at this level any time a helicopter landing zone is created and/or is utilized to transport the patient(s).

Itemized Response: The fire department has the option to bill each incident as an independent event with custom mitigation rates, for each incident using, itemized rates deemed usual, customary and reasonable (UCR). These incidents will be billed, itemized per apparatus, per personnel, plus products and equipment used.

ADDITIONAL TIME ON-SCENE

Engine billed at \$400 per hour.

Truck billed at \$500 per hour.

Miscellaneous equipment billed at \$300.

HAZMAT

Level 1 - \$816.00

Basic Response: Claim will include engine response, first responder assignment, perimeter establishment, evacuations, set-up and command.

Level 2 - \$2,913.00

Intermediate Response: Claim will include engine response, first responder assignment, hazmat certified team and appropriate equipment, perimeter establishment, evacuations, set-up and command, Level A or B suit donning, breathing air and detection equipment. Set-up and removal of DECON center.

Level 3 - \$6,875.00

Advanced Response: Claim will include engine response, first responder assignment, hazmat certified team and appropriate equipment, perimeter establishment, evacuations, first responder set-up and command, Level A or B suit donning, breathing air and detection equipment and robot deployment. Set-up and removal of DECON center, detection equipment, recovery and identification of material. Disposal and environment clean up. Includes above in addition to any disposal rates of material and contaminated equipment and material used at scene. Includes 3 hours of on scene time - **each additional hour @ \$336.00 per HAZMAT team.**

ADDITIONAL TIME ON-SCENE (for all levels of service)

Engine billed at \$400 per hour.

Truck billed at \$500 per hour.

Miscellaneous equipment billed at \$300

FIRES

Assignment - \$466.00 per hour, per engine / \$582.00 per hour, per truck

Includes:

- Scene Safety
- Investigation
- Fire / Hazard Control

This will be the most common "billing level". This occurs almost every time the fire department responds to an incident.

OPTIONAL: A fire department has the option to bill each fire as an independent event with custom mitigation rates.

Itemized, per person, at various pay levels and for itemized products use.

ILLEGAL FIRES

Assignment - \$466.00 per hour, per engine / \$582.00 per hour, per truck

When a fire is started by any person or persons that requires a fire department response during a time or season when fires are regulated or controlled by local or state rules, provisions or ordinances because of pollution or fire danger concerns, such person or persons will be liable for the fire department response at a cost not to exceed the actual expenses incurred by the fire department to respond and contain the fire. Similarly, if a fire is started where permits are required for such a fire and the permit was not obtained and the fire department is required to respond to contain the fire the responsible party will be liable for the response at a cost not to exceed the actual expenses incurred by the fire department. The actual expenses will include direct labor, equipment costs and any other costs that can be reasonably allocated to the cost of the response.

WATER INCIDENTS

Level 1

Billed at \$466 plus \$58 per hour, per rescue person.

Basic Response: Claim will include engine response, first responder assignment, perimeter establishment, evacuations, first responder set-up and command, scene safety and investigation (including possible patient contact, hazard control). This will be the most common "billing level". This occurs almost every time the fire department responds to a water incident.

Level 2

Billed at \$932 plus \$58 per hour, per rescue person

Intermediate Response: Includes Level 1 services as well as clean up and material used (sorbents), minor hazardous clean up and disposal. We will bill at this level if the fire department has to clean up small amounts of gasoline or other fluids that are spilled as a result of the incident.

Level 3

Billed at \$2,304 plus \$58 per hour per rescue person, plus \$117 per hour per HAZMAT team member.

Advanced Response: Includes Level 1 and Level 2 services as well as D.A.R.T. activation, donning breathing apparatus and detection equipment. Set up and removal of DECON center, detection equipment, recovery and identification of material. Disposal and environment clean up. Includes above in addition to any disposal rates of material and contaminated equipment and material used at scene.

Level 4

These incidents will be billed, itemized, per trained rescue person, plus rescue products used.

Itemized Response: You have the option to bill each incident as an independent event with custom mitigation rates for each incident using itemized rates deemed usual, customary and reasonable (UCR).

BACK COUNTRY OR SPECIAL RESCUE

Minimum billed \$466 for the first response vehicle plus \$58 per rescue person. Additional rates of \$466 per hour per response vehicle and \$58 per hour per rescue person.

Itemized Response: Each incident will be billed with custom mitigation rates deemed usual, customary and reasonable (UCR). These incidents will be billed, itemized per apparatus per hour, per trained rescue person per hour, plus rescue products used.

CHIEF RESPONSE

Billed at \$291 per hour.

This includes the set-up of Command, and providing direction of the incident. This could include operations, safety, and administration of the incident.

MISCELLANEOUS / ADDITIONAL TIME ON-SCENE

Engine billed at \$466 per hour.

Truck billed at \$582 per hour.

Miscellaneous equipment billed at \$350.

LIFT ASSIST

Billed at a rate of \$100 per incident after 5 incidents within a thirty (30) day period.

This includes but is not limited to responding to the scene, assessing the situation, and assisting the individual. This includes but is not limited to lifting off the floor, from chair to bed, out of chair, or any other lift assist not resulting in any injury or medical evaluation.

MITIGATION RATE NOTES

The mitigation rates above are average "billing levels", and are typical for the incident responses listed, however, when a claim is submitted, it will be itemized and based on the actual services provided. These average mitigation rates were determined by itemizing costs for a typical run (from the time a fire apparatus leaves the station until it returns to the station) and are based on the actual costs, using amortized schedules for apparatus (including useful life, equipment, repairs, and maintenance) and labor rates (an average department's "actual personnel expense" and not just a firefighters basic wage). The actual personnel expense includes costs such as wages, retirement, benefits, workers comp, insurance, etc.

LATE FEES

If the invoice is not paid within 90 days, a Late Charge of 10% of the invoice, as well as 1.5% per month, as well as the actual cost of the collections, will be accessed to the responsible party.

Onekama Township Board

Please find the attached proposal for a 'Cost Recovery Ordinance' for the Onekama Township Fire Department. This would not change any type of millage that is currently in place but would be an opportunity to recover some additional expense that we incur on fire runs, emergent and non-emergent. This is also the progression that I feel we need to migrate towards in being a more responsive and proactive fire department for our community. As our run volumes and types of runs increase, 266 runs in 2020 to 360 runs in 2023, so does the cost of operation, which I feel should be recovered through insurances. This cost would be billed though a third party as not to increase work loads for our board members. The highlighted area is where you would insert our verbiage. Looking for approval at the January meeting.

Please feel free to contact me anytime to discuss.
